SECTION 2 TO BE COMPLETED AND SIGNED BY THE SELF-EMPLOYED WORKER OR THE PERSONAL REPRESENTATIVE

On reaching an entitlement any payment taken for service recorded after 1 July 2004 the self-employed worker will receive a refund of the contributions paid into the scheme on their own behalf. Any interest earned will be applied. Tax will not be deducted from this component of an entitlement payment. The worker will receive a statement which should be declared at tax time as any interest earned is classed as assessable income.

Any payment taken for service accrued either as a self-employed worker or as an employee prior to 1 July 2004 will have tax deducted from the payment at the rate specified by the Australian Taxation Office. Your Taxation Payment Summary will be forwarded to you along with the statement of any self-employed earning mentioned above. Ensure your Tax File Number is supplied, otherwise tax has to be deducted at a higher rate.

If you would like to be contacted once your payment has been approved, please tick the following box and we will contact you with the relevant details. *Please supply a daytime contact number above.*

To avoid delay in processing your claim; please ensure a payslip from you last employer prior to becoming Self Employed, photo I.D. and copy of your bank account statement is attached to this application

Payments take a minimum of 3 weeks to process.

Once your entitlement has been paid into your nominated bank account you will be forwarded details of the payment that was made along with a Taxation Payment Summary. You must retain this summary for Taxation purposes.
